

June Facts

June 21 (Sunday) – Summer Solstice (longest day of the year)

June's birth flower is the rose and honeysuckle.

The birthstone is the pearl, symbolizing purity.

Many flowers are in full bloom, making it a perfect time for gardening and outdoor walks

National Donut Day (First Friday of June)

June is one of the most popular months for weddings.

Hello everyone! For those who don't know me, my name is Patty, and I am the Activity Director here at Spring Ridge. I have been part of the Spring Ridge family for almost 11 years. I started as a caregiver and worked in that role for about 5 years before becoming an Activity Assistant for 1 year. Right when the pandemic began, I stepped into the role of Activity Director — a position I truly love. I really enjoy what I do and especially love spending time with our residents and helping create fun and meaningful moments for them.

On the personal side, I have been married for almost 24 years and am blessed with 3 daughters. Recently, I became a grandma to a beautiful baby girl who completely owns my heart. In my free time, I love cooking and spending time with my family.
